Agenda

Pre-Session

FRIDAY May 15, 2015 - Training Workshops & Datathon

8:00 a.m. – 10:00 a.m.

Check-in (Datathon and Workshop participants)

10:00 a.m. – 4:00 p.m.

Check-in (General Session participants)

10:00 a.m. – 1:30 p.m.

Choose one:

Training Workshop 1a: Jackie Milhans - Lead Computational Specialist, Northwestern University
Computational Research Fundamentals

Training Workshop 1b: Stuart Shulman - Texifter, LLC
Text Analytics for Social Data Using DiscoverText & Sifter

Datathon Working Session: Laura Norén - Center for Data Science, New York University

1:30 p.m. – 2:30 p.m.

Lunch

2:30 p.m. – 5:00 p.m.

Choose one:

Training Workshop 2a: Lorien Jasny - National Socio-Environmental Synthesis Center, University of Maryland
Social Network Analysis Using R

Training Workshop 2b: Brian Lange - Data Scientist, Datascope Analytics
Natural Language Processing and Text Analysis in Python

Datathon Working Session: Laura Norén - Center for Data Science, New York University

6:00 p.m. – 7:00 p.m.

Break & Pizza (Workshop and Datathon participants)

7:00 p.m. – 10:00 p.m.

Datathon Working Session: Laura Norén - Center for Data Science, New York University

General Session

**SATURDAY May 16, 2015 - Concurrent Sessions 1-3, Keynote Speakers
and Datathon Judging**

7:00 a.m. – 4:00 p.m.

Check-in

7:00 a.m. – 6:00 p.m.

Exhibits: Poster Session, Art and Booths

(Poster Session Q & A scheduled for 10:45 a.m. - 11:15 a.m.)

7:30 a.m. – 8:00 a.m.

Breakfast

8:00 a.m. – 8:15 a.m.

Opening remarks

Laura Nelson, Kellogg School of Management, Northwestern University

Laura Norén, Center for Data Science, New York University

8:15 a.m. – 9:00 a.m.

Keynote: Katy Börner, Indiana University

"Envisioning Scholarly Communication and Collaboration"

9:15 a.m. – 10:45 a.m.

Concurrent Sessions 1

a) New Tools for Collecting Data

- Michelle Birkett - Feinberg School of Medicine, Northwestern University
NetCanvas: An Engaging Tool for Capturing Complex Network Data for Use in Clinical Research
(with Joshua Melville, Bernie Hogan - University of Oxford, Gregory Phillips II, Patrick Janulis, Brian Mustanski, Noshir Contractor - Northwestern University)
- Jason Radford - Sociology, University of Chicago
Conducting Massively Open Online Social Experiments with Volunteer Science
(with David Lazer, Waleed Meleis, Brook Foucault Wells - Northeastern University, Brian Keegan - Harvard University, Jefferson Hoye - Independent)
- Darren Stevenson - Communication Studies, University of Michigan
Using Online Advertising Networks to Study Human Behavior
(with Joseph Bayer, University of Michigan)
- Griffin Weber - Center for Biomedical Informatics at Countway, Harvard Medical School
Analyzing Collaboration Across a University Using Profiles Research Networking Software

b) Politics and Social Movements

- Lucas da Silva Almeida - Complex Systems Modelling, University of São Paulo
E-Fixing Government: Using Data to Solve Machiavellian Problems
- Jiawei Sophia Fu - Communications, Northwestern University
A Longitudinal Examination of Environmental NGOs' Networks on Twitter
- Eunkyung Song - Sociology, Rutgers University
The Fifteen Days: The Meaning of Mad Cow Disease in the 2008 Candlelight Protests, Korea
- Amanda Stevenson - Sociology & Population Research Center, University of Texas-Austin
Emotions and Social Movement Ties Among Texas Abortion Activists

c) Jobs, Markets, and Organizations

- John Atwell - Sociology and Complex Systems, University of Michigan
Markets as Sites of Constructive Processes
- Anamaria Berea - Krasnow Institute, George Mason University
Social Media Drivers & Crowdfunding Success
(with Brent Goldfarb, David Kirsch, William Rand - University of Maryland)
- Ágnes Horvát - Northwestern Institute on Complex Systems (NICO), Northwestern University
Market vs Network Relations: The Role of Friends in the Early Stages of Bidding in Crowdfunding
(with Jay Uparna, Brian Uzzi - Northwestern University)
- Jerry Kim - Columbia Business School, Columbia University
Incentives and Inequality: Evidence from Gamification in a Restaurant Chain
(with Bruce Kogut - Columbia University, Ian Larkin - University of California-Los Angeles)
- Ming Leung - Haas School of Business, University of California-Berkeley
For Love or Money? Gender Differences in How One Approaches Getting a Job
(with Weiyi Ng - University of California-Berkeley)

d) Measuring Network Dynamics I

- Joshua Becker - Annenberg School for Communication, University of Pennsylvania

Collective Decisions as Coordination Processes: The Influence of Hubs

- Forrest W. Crawford - Biostatistics, Yale School of Public Health
Reconstructing Hidden Social Networks from Partial Link-Tracing Data
- Bryan Daniels - Center for Complexity and Collective Computation, University of Wisconsin-Madison
Critical Behavior in a Small-Scale, Heterogeneous, Collective, Social System
(with David Krakauer - University of Wisconsin-Madison, Jessica Flack - Santa Fe Institute)
- Jake C. Fisher - Sociology, Duke University
Social Space Diffusion
- Lorien Jasny - National Socio-Environmental Synthesis Center, University of Maryland
Two-Mode Brokerage in Policy Networks (with Mark Lubell - University of California-Davis)

10:45 a.m. – 11:15 a.m.

Coffee Break/Snacks

11:15 a.m. – 12:45 p.m.

Concurrent Sessions 2

a) Thematic Panel: Network Science, Machine Learning, and Interactive Data Visualization: Tools to Study Cultural Production

- Noah Askin - INSEAD, Michael Mauskopf - Kellogg School of Management, Northwestern University
Cultural Networks as a Means to Map the Emergence and Evolution of Genres
(with Brian Uzzi - Northwestern University)
- Fernando Cucchietti - Scientific Visualization Team, Barcelona Supercomputing Center
Visualizing Popularity and Influence in Popular Music
- Ágnes Horvát - Northwestern Institute on Complex Systems (NICO), Northwestern University
A Cookbook of Cinematic Delicacies that Do Not Expire
(with Andreas Spitz - Heidelberg University)
- Bryan Pardo - McCormick School of Engineering, Northwestern University
Crowdsourcing Audio Production Interfaces

b) Computational Text Analytic Approaches to Political Sociology

- Jessica Burow - Statistics, University of Nebraska-Lincoln
Police Prejudice Spread on Twitter: The Ferguson Verdict
(with Soundararajan Rajendran - University of Nebraska-Lincoln)
- Joseph DiGrazia - Neukom Institute & Sociology, Dartmouth College
The Social Determinants of Conspiratorial Ideation
- Alex Hanna - Sociology, University of Wisconsin-Madison
Developing a System for the Automated Coding of Protest Event Data
- Laura Nelson - Kellogg School of Management, Northwestern University
On Targets and Tactics: The Transformation of the US Environmental Movement Between 1998 and 2014
(with Brayden King - Northwestern University)
- Charles Sequin & Brandon Gorman - Sociology, University of North Carolina-Chapel Hill
Reporting the International System: Foreign Leaders in the US News Media

c) Collaborations, Networks, and Success I

- Sabine Brunswicker - Research Center for Open Digital Innovation, Purdue University
Decomposing the 'Architecture' of Innovative Mobility Solutions developed by a Civic Innovation Crowd: A Network Perspective
(with Chien-Yi Hsiang - Purdue University)

- Jingbo Meng - Communication, Michigan State University
Your Health Buddies Matter: Preferential Selection and Social Influence on Weight Management in an Online Health Network
- João Moreira - McCormick School of Engineering, Northwestern University
Using the Discrete Lognormal Distribution to Quantify the Scientific Impact of Individual Researchers
(with Xiao Han T. Zeng, Luís A. Nunes Amaral - Northwestern University)
- Satyam Mukherjee - Northwestern Institute on Complex Systems (NICO), Northwestern University
The Lens of Time: Linking Prior Knowledge and Future Impact in Science, Patenting and Law
(with Daniel Romero - University of Michigan, Benjamin Jones, Brian Uzzi-Northwestern University)
- Li Yu - McCormick School of Engineering, Northwestern University
Collaborative Evaluation for Improving Group Decision Robust
(with Haiyan Zhang, Zezhong Zhang - Renmin University of China, Beijing)

d) Re-imagining Methods

- Mark Fossett - Sociology, Texas A&M University
Assessing Residential Segregation in Computational Models: Solutions to Problems of Measuring Segregation at Small Spatial Scales
- Sorin Adam Matei - Brian Lamb School of Communication, Purdue University
Stepwise Segmented Regression Analysis: An Iterative Statistical Algorithm to Detect and Quantify Evolutionary and Revolutionary Transformations in Longitudinal Data
(with Brian Britt - South Dakota State University)
- Adam R. Pah - McCormick School of Engineering, Northwestern University
Longitudinal Analysis of Shooting Incidents at Schools in the USA
(with Andrew Jennings, Luís A. Nunes Amaral - Northwestern University)
- Misha Teplitskiy - Sociology, University of Chicago
How Film is Sociological Knowledge: Reanalysis of GSS Findings with Alternative Models and Out-of-Sample Data, 1972-2012
(with James Evans - University of Chicago)
- Lawrence L. Wu - Sociology, New York University
Enhancing Plausibility and Interpretability of Cause-Specific Models of Mortality
(with Steven P. Martin - Urban Institute)

12:45 p.m. – 1:45 p.m.

Lunch

1:45 p.m. – 2:30 p.m.

Keynote: Sandra González-Bailón, University of Pennsylvania
"Network Science and the Study of Political Protests"

2:45 p.m. – 4:15 p.m.

Concurrent Sessions 3

a) Thematic Panel: Understanding and Overcoming Empirical Constraints in Computational Analysis of Online Trace Data

- Shane Greenstein - Kellogg School of Management, Northwestern University
- Eszter Hargittai - School of Communication, Northwestern University

- Aaron Shaw - School of Communication, Northwestern University

b) Power and Politics Online

- Tyler A. Crabb & Erin Smith Crabb - Sociology, University of Maryland, College Park
Strings Attached: The Sociology of Non-Human, Digital Personas
- Anne Groggel - Sociology, Indiana University
A Gendered Public Sphere: Who's Heard the Most in Twitter
(with Peter Lista, Shirin Nilizadeh, Pranay Sogani, Yong-Yeol Ahn, Apu Kapadia, Fabio Rojas - Indiana University)
- Sorin Adam Matei - Brian Lamb School of Communication, Purdue University
Leadership Resilience and Structural Differentiation in Social Media Spaces: A Socio-computational Analysis
(with Wutao Wei, Chuanhai Liu, Michael Zhu, Elisa Bertino - Purdue University, Brian Britt - South Dakota State University)
- Harsh Taneja - Journalism, University of Missouri
User-centric Ethnological Mapping on the WWW: A Network Analytic Approach
(with Angela Xiao Wu - Chinese University of Hong Kong)
- Ion Bogdan Vasi - Sociology and College of Business, University of Iowa
'No Fracking Way!' Media Activism, Discursive Opportunities and Local Opposition against Hydraulic Fracturing in the United States, 2010-2013
(with Edward Walker - University of California-Davis, John Johnson - Harmony Institute, Sarah Tan - Cornell)

c) Language, Culture, and Community

- Kenneth Joseph - Computer Science, Carnegie Mellon University
Culture, Networks, Twitter and Foursquare: Testing a Model of Cultural Conversion with Social Media Data
(with Kathleen M. Carley - Carnegie Mellon University)
- Azadeh Nematzadeh - Informatics and Computing, Indiana University
Where to Eat or What to Eat? Examining Urban Food Exploration through Yelp Reviews
(with Soheil Jazayeri, Maitaporn Phanich, Peter Todd, Yong-Yeol Ahn - Indiana University)
- Sheela Pandey - Center for Organization Research and Design (CORD), Arizona State University
Application of Natural Language Processing Capabilities in Computerized Textual Analysis: An Illustration Using the Organizational Culture Construct
(with Sanjay K. Pandey - George Washington University)
- Aleksandr Sinayev - Psychology, Ohio State University
Assessing News Objectivity Using Movie Synopses and Reviews
- Sameer Srivastava - Haas School of Business, University of California-Berkeley
Fitting In or Standing Out? The Tradeoffs of Structural and Cultural Embeddedness
(with Amir Goldberg, V. Govind Manian, William Monroe, Christopher Potts - Stanford University)

d) Social Media and Public Policy

- Aron Culotta - Computer Science, Illinois Institute of Technology
Identifying and Controlling for Demographic Confounders in Social Media Analysis
- Libby Hemphill - Communication and Information Studies, Illinois Institute of Technology
The Measuring Partisanship Using Social Media Content
- Matthew Shapiro - Political Science, Illinois Institute of Technology
Government Interference and Citizen-based Environmental NGOs in China

4:30 p.m. – 5:30 p.m.

Datathon Judging & Award Presentation

5:30 p.m. – 6:00 p.m.

Break

6:00 p.m. – 7:00 p.m.

Keynote: David Ferrucci, Bridgewater Associates

"Artificial Intelligence: A Return To Meaning"

Please note that no livestream will be available for this keynote.

7:00 p.m. – 9:00 p.m.

Reception

SUNDAY May 17, 2015 - Concurrent Sessions 4, Closing Keynote

8:30 a.m. – 1:45 p.m.

Poster Session & Exhibits

8:30 a.m. – 9:00 a.m.

Breakfast

9:00 a.m. – 10:00 a.m.

Keynote: Michael Macy, Cornell University

"Big Data and the End of Theory"

10:15 a.m. – 11:45 p.m.

Concurrent Sessions 4

a) Making Sense of Big Data

- James Allen Evans - Sociology, University of Chicago
Can We Agree on Science? Evidence from Amazon.com Co-Purchase Data
(with Bill Shi - University of Chicago, Fedor Dokshin, Yongren Shi, Michael Macy - Cornell University)
- Brian Keegan - The Institute for Quantitative Social Science, Harvard University
First Among Equals: The Emergence and Evolution of Wikipedia's Networked Policy Regime
- Stasa Milojevic - Informatics and Computing, Indiana University
Quantifying the Knowledge Domain of Science
- Balazs Vedres, Sociology and Social Anthropology, Central European University
Creative Tensions and Success in the Network of Video Game Developers
(with Mathijs DeVaan, David Stark - Columbia University)

b) Using Computational Methods to Improve Health Care

- Subrina Farah - Family Medicine Research Programs, University of Rochester
Quantitative Assessment of Patient Satisfaction Survey: A Multivariate Approach
- Aditya S. Khanna - Department of Medicine, University of Chicago
Identifying Peer Change Agents on a Large Social Network
- Ricky Leung - University of SUNY-Albany
Building Mobile Apps for Underrepresented Mental Health Patients
(with Julia Hastings, Keith Chan - SUNY-Albany, Robert Keefe - SUNY-Buffalo, Carol Brownstein-Evans - Nazareth College, Rosemary Mullick - SUNY-Polytechnic Institute)
- H. Andrew Schwartz - Computer & Information Science, University of Pennsylvania
Predicting America's Top Killers: Exploring Country-level Mortality Rates in the Language of Twitter
(with Johannes C. Eichstaedt, Maarten Sap, Gregory Park, Raina Merchant, Lyle H. Ungar - University of Pennsylvania)
- Rebecca Jen-Hui Wang - Kellogg School of Management, Northwestern University
Emergency Department Revisits and Patient Welfare: A Recommendation to Healthcare Providers on Analyzing Visit Data
(with Vikram Kilambi, Sanjay Mehrotra - Northwestern University, Peter Pang - Indiana University)

c) Collaborations, Networks, and Success II

- Samantha Cohen - Psychological and Brain Sciences, Indiana University
Speed-Networking: An Academic Equalizer for Underrepresented Individuals
(with Peter M. Todd - Indiana University)
- Carla Fernandez-Corrales - College of Business, University of Illinois-Urbana
A Tree Induction Analysis of Exclusivity in Technology Licensing
(with Deepak Somaya, Ramanath Subramanyam - University of Illinois-Urbana, Prasanna Karhade - Hong Kong University of Science & Technology)
- Alina Lungeanu - Science of Networks in Communities (SONIC) Research Group, Northwestern University
Team Assembly in New Scientific Fields: A Computational Modelling Approach
(with Sophia Sullivan - Think Big, Noshir Contractor - Northwestern University)
- Michael J. Prietula - Goizueta Business School, Emory University
The Hazards of Interaction: When Isolation and Inertia Benefit Performance
(with Sheen Levine - University of Texas-Dallas)
- Xiaolin Zhuo & Robert Manduca - Sociology, Harvard University
Multi-Dimensional Diversity and Team Performance in a Cultural Market
(with Kwan Woo Kim - Harvard University)

d) Measuring Network Dynamics II

- Brenda Berkelaar - Communication Studies, University of Texas-Austin
How Network Structures Influence Career Metaphors and Agency
- Hilla Brot - Northwestern Institute on Complex Systems (NICO), Northwestern University

Evolution through Bursts: Network Structure Develops through Localized Bursts in Time and Space

- Devin Gaffney - Network Science, Northeastern University
Exploring the Role of Geographic Diffusion in Viral Cascades
- Varsha S. Kulkarni - Informatics and Computing, Indiana University
Temporal Evolution of Social Innovation
- Hyojun A. Lee - McCormick School of Engineering, Northwestern University
Adoption of High-Cost Medical Innovations within Specialty Physician Groups
(with Adam R. Pah, Luís A. Nunes Amaral - Northwestern University)

12:00 p.m. – 12:45 p.m.

Lunch

12:45 p.m. – 1:30 p.m.

Keynote: Moran Cerf, Northwestern University
"Predicting Behavior by Looking Inside the Brain"

1:30 p.m. – 1:45 p.m.

Closing remarks

Noshir Contractor, School of Communication and SONIC, Northwestern University
Brian Uzzi, Kellogg School of Management and NICO, Northwestern University
